REASONS FOR ALLOWANCE

1. Claims 1, 3-9 are allowed.
2. The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests an electrode structure of a wide viewing angle liquid crystal display in which a plurality of pixel electrodes, each having a herringbone-shaped structure and a common electrode having a plate-shaped structure substantially filling a pixel area below the pixel electrodes as set forth in claim 1.

The most relevant reference, Asada et al. (US Patent No. 5,745,207), fails to disclose or suggest a plate-shaped structure for a common electrode. The Asada et al. reference only discloses the herringbone shaped structure for pixel electrodes as shown in the applicant's invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
